I guess I'll be the first one to give the actual answer:

Nanami isn't talking about going to Malaysia specifically here. The actual location doesn't matter. In fact,it isn't even about physically traveling anywhere.

Nanami says that he didn't hesitate to go south. Obviously Nanami never went to Malaysia,or any other southern place. Going south meant going back to who he was,meaning he returned to being the Jujutsu sorcerer that he used to be.

Because Gojo never explicitly stated where he would go,south or north,fans are coping (not actually coping,he will return fr fr) and assuming that Gojo will go north and become someone new. So he will revive (trust).

Some Bible verses can offer comfort and strength to those struggling with depression, including:

- Psalm 34:17-18: "The Lord hears you and will deliver you out of all of your troubles! The Lord is near the brokenhearted and saves the crushed in spirit".
- Matthew 11:28-30: "Come to me, all you who are weary and burdened, and I will give you rest".
- 1 Peter 5:7: "Cast all your anxiety on him because he cares for you".
- Isaiah 41:10: "Fear not, for I am with you".
- Philippians 4:6-7: "Don't worry about anything; instead, pray about everything. Tell God what you need, and thank him for all he has done".

HIS101(04): World Civilizations I: Global Perspectives - Standing on Shoulders of Giants

Greetings and Welcome to History 101 Section 4!

This fully Online Course will meet via Zoom on Monday's and Friday's at 11:15am throughout this Fall Semester.... I look forward to working with you and hopefully broadening your understanding of the importance of History and how it plays a role in all of our lives every day.

One of the most important things to have before you approach every Learning Module is the reading material at your disposal. This semester I am using an "open source" (aka FREE) History textbook to help ease the student financial burden of buying textbooks.

Linked here is the .pdf File of our class textbook for you to

Course assignments are not weighted.

Create Your Own Character Using Principles of Geometry & Anatomy

Instead of extensive focus on diagramming or anatomy, we will prioritize essential concepts for beginners studying the human body for the first time. The curriculum aims to apply fundamental principles of diagramming and anatomy to create your own characters effectively!

Class Details

You'll Learn

Adopt an Attitude of Observation

Among the core knowledge in the basics of drawing, you will learn observation methods to draw well, including knowledge of proportion, slope, silhouette, and shape, which are the basis for understanding the basics of the human body.

Three-dimensional View

After building basic knowledge, you will learn how to apply a three-dimensional effect to the human body by connecting it to perspective knowledge. This will enable you to view shapes in three dimensions and understand the form and structure of the human body.

Understanding Diagramming and Anatomy

After understanding the whole body as a diagram, we will explore the purpose of studying anatomy. First, you will learn the "landmark skeleton," which is the major skeletal structure, and then connect graphical human body concepts and anatomical knowledge to the movements of the human body.

Detailed Step by Step Learning

After learning the major skeletal structures, we will cover the core principles of diagramming and anatomy in the order of center of gravity: head, face, hair, torso, arms, legs, hands, and feet. Through this course, you will master all the essential basics of drawing both the overall human body and its detailed parts.

Learn and Immediately Apply Various Poses

After learning the core of the human body, we will draw various poses in everyday life. You can upgrade your pose drawing skills sequentially by starting from standing and sitting poses and gradually drawing more difficult poses.

Application and Creation

By applying the knowledge you have accumulated step by step, you will ultimately be able to complete one type of character of your own.

Session 2 Discussion: I will spread God's

When we think of kindness we can often think of "random acts of kindness." Paying for the person behind you in the drive thru line, holding a door open for someone, giving up your seat to someone else on public transit. Those things are expressions of kindness. But God/Jesus set the bar WAY higher for what true kindness is.

As a group, read *Titus 3:3-8.*

At one time we too were foolish, disobedient, deceived and enslaved by all kinds of passions and pleasures. We lived in malice and envy, being hated and hating one another. But when the kindness and love of God our Savior appeared, he saved us, not because of righteous things we had done, but because of his mercy. He saved us through the washing of rebirth and renewal by the Holy Spirit, whom he poured out on us generously through Jesus Christ our Savior, so that, having been justified by his grace, we might become heirs having the hope of eternal life. This is a trustworthy saying. And I want you to stress these things, so that those who have trusted in God may be careful to devote themselves to doing what is good. These things are excellent and profitable for everyone.

1. *How does Titus say God showed his kindness and love to us?*
2. *What do you believe is true kindness according to God?*
3. *How does God's definition of kindness align with the definition our society has?*
4. *What kind of good things do you think God hopes we do as a result of his kindness to us?*

Take some time as a group to brainstorm some ways to be truly kind to those around us-neighbors, family, coworkers, friends. Fill in the bingo card with your ideas and work as a group to get bingo this week!

In POINTS the lion here costs about the same as this Knight lol

blood of christ

Nathan/okaychef (he/him) Today at 12:59 PM
yeh

🔥 1

@Nathan/okaychef (he/him) Sanguinus is basically the jesus stand in for the universe

Jayemel Music Universe Today at 12:59 PM
It all makes sense now

Nathan/okaychef (he/him) Today at 1:00 PM
There is the festivle of sanguinus or some holiday
and its literally the 25th of december lol
"for this is my blood, which confirms the covenant between God and his people. It is poured out as a sacrifice to forgive the sins of many."

@Nathan/okaychef (he/him) and its literally the 25th of december lol

Jayemel Music Universe Today at 1:01 PM
Interesting

Nathan/okaychef (he/him) Today at 1:01 PM
And now all of the blood angels are vampires
lol
They also have uh
Well
So
Horus Killed Sanginius
and it left "psychic shock imbedded in their gene seed/dna"
that sometimes they get will black out with rage and see everyone around them as Horus
and go into a fucked up killing frenzy they never can come out of (like 10 people have)

😂 1

Jayemel Music Universe Today at 1:03 PM

Jayemel Music Universe Today at 1:05 PM
Ouch

Nathan/okaychef (he/him) Today at 1:05 PM
The sons of sanguinus suffer from the Red Rage and The Black Rage

BLACK RAGE INTENSIFIES

Now...
there is one chapter
Of the blood angels
that suffers neither

This isn't the most moral country on the planet.
Might be more moral than other countries but this ain't a competition. No one cares what other countries are doing

Yishu Ci

Concept Artist

Hello, My name is Yishu Ci, and I am currently located in Beijing, China. I've been in the industry for eight years or so, and I've set foot in many projects, mainly involving animation and concept design for films, animations, and video games.

I've worked with companies around the world, such as Tencent, Riotgames, Supercell, etc., and I've done much different stuff in the industry, but my main focus is stylized character concept design. I create many original characters, combining things that interest me and what I see around me, such as kung fu, fashion, and everyday people. I draw them in a thoughtful and methodical style. That's what we are going to talk about in this course!

Interview with

Concept Artist Yishu Ci

Question.01

Is there a specific reason why you chose this specific topic/themes?

The biggest thing that struck me when I talked to beginners or my students was how much they wanted to land a job. Everything they draw is a portfolio piece, but they keep chasing the trending styles and topics to make it easier for them to break into the industry. There's no problem with that, but it shouldn't be everything. I want to encourage people to make work for themselves for a change. If you have a personal voice, it is much easier to stand out, and it's much better for your career in the long run — AND you also get to have fun!

Have you ever wondered if you could draw characters from the animations that you have watched? Stop wondering and start drawing!

Illustrator

Hi, I'm Miacat, a freelance illustrator.

I used to work for a game studio for many years. Then I became interested in fairytale-style illustrations and started doing fairytale-style character design.

I'm currently working as a freelance illustrator in Korea. Most of my clients are from the North American market. I teach at Arteum Academy while working on my personal projects.

With the tips and tricks I picked up while I self-taught fairytale-style illustration, and with my work and teaching experience, I'm sure everyone interested in fairytale-style illustration and character design can learn character stylization and the character design process.

Student Reviews

Lee (Student)

Not only did I learn to draw characters that were visuallly appealing, but I was also able to breathe life into them by infusing them with personalities. I learned why outlining the general shape of the character was an important step and got a chance to experiment with different body types instead of sticking to the standard body type like I used to do.

Heo (Student)

I believe Miacat's class can be summarized with two words: process and personality. His step-by-step guide helps you bring your characters to life. Students were given the room for creativity while designing the characters and the universe, and were also taught how to rely on systemic process when implementing their ideas. In short, his lecture was fun and practical!

DARK PSYCHOLOGY

1. When someone thanks you. don't just say. **"You're welcome"**
Say **"I know you'd do the same for me"** and they'll feel closer to you.

2. When someone is upset, mirror their **body language to show empathy.**

3. If you give someone a compliment, **make it specific to make it more meaningful.**

4. If you want to appear more confident, keep your **chin up and shoulders back But if you look down, you'll seem insecure**.

5. To stop someone who's lying, say: **"Could you repeat that?**

Lorenzo, you're a machine - how can I be as productive as you?

It's so rewarding to check out the art and creativity of others. It can be incredibly inspiring, and just enjoyable to take it all in. BUT, when it's time to get down to it and work on your own art, to truly focus on your vision of what you want to create, without distractions, you may find it useful to live by these three rules:

1) Don't worry about what anyone else is doing.
2) Don't worry about what anyone else is doing.
3) Don't worry about what anyone else is doing.

neoartcore We all know why we're here. Welcome

What popular idea about learning to draw is actually wrong?

That just putting in time is enough.

It's the thought that you put in that becomes the real catalyst for learning. Drawing is 1% what your hand is doing, and 99% what your brain is doing. When you draw you're making hundreds of tiny decisions on style, tone, message, execution. To meaningfully improve, consider *why* you're doing what you're doing. Think through the drawing before, during, and after - this will give you more agency over your development as an artist.

- Lorenzo!

For computer

Here's how to use your phone as a hotspot:

1. Open your phone's Settings app
2. Select Connections or Network & Internet
3. Select Mobile Hotspot and Tethering
4. Select Mobile Hotspot or Wi-Fi Hotspot to turn it on
5. To change the hotspot name or password, tap Mobile Hotspot again and then tap Configure

You can also use a tethering app to avoid fees and throttled speeds. For example, Android users can download apps like PdaNet+ and EasyTether.

To connect another device to your phone's hotspot:

1. On the other device, open the list of Wi-Fi options
2. Select your phone's hotspot name
3. Enter your phone's hotspot password
4. Click Connect

Tethering can use up battery life and data, so you can consider using a portable charger if you plan to use hotspot mode frequently. You can also turn on a setting that turns off your hotspot when no devices are connected.

Aggregate materials in concrete, such as sand and gravel, also have varying melting points, depending on their mineral composition. The melting points of typical aggregates range from approximately 1,400 to 1,700 degrees Celsius (2,552 to 3,092 degrees Fahrenheit). The water within the concrete mix will begin to evaporate at lower temperatures, typically around 100 degrees Celsius (212 degrees Fahrenheit).

The surface of the sun, also known as the photosphere, is about 10,000°F (5,500°C), which is about 16 times hotter than boiling water. However, the sun's temperature

how many maga chapters...

How many chapters are in JJK season 2?

In conclusion

However, to cover the entirety of it, season 2 will have to cover 73 chapters, most of which are more information-heavy than those covered in season 1. It will be too long for a 26-episode season unless MAPPA splits it into two 15-episode courses. Jun 16, 2024

Is Jujutsu Kaisen season 2 going to cover the entire Shibuya Incident arc?

What chapters will JJK S2 cover?

What chapter did JJK S2 end in?

Hopefully Oregon improves. They looked a far cry from their usual output of just outscoring opponents to not need their defense. I'm not sold on Oregon and Michigan I could see Oregon possibly making the playoffs but not Michigan.

Dynamic Anime Illustration with Timeless Details

When you look at Lux's work, it almost seems as if it is frozen in time, ready to start flowing and moving again, as soon as you take your eyes away. After some observation, you realize that every single component is meticulously put into place, creating a sense of movement and purpose that draws you in and holds your gaze.

With this class, we want you to aim high, because Lux is here to guide you through it. The goal is for you to complete a seamless illustration, featuring a complex composition of characters, backgrounds, and layers of details, all while maintaining balance and avoiding clutter.

Drawing inspiration from classical paintings, statues, and architecture, Lux will walk you through the process of studying, deconstructing, and incorporating these details into your own art. Learn how to build compositions that can support your vision throughout, and experiment with contrasting colors to achieve harmony and ambiance. Leave this class knowing exactly how to craft an illustration with detail, movement, and narrative, all with your own artistic intention.

Why Take This Class?

It's time to step out of your comfort zone.

Intimidating compositions, complex details, strong contrasting colors, and majestic characters and backgrounds—these are some of the most daunting challenges for learning artists. Yet, Lux seems to get them right every time, blending these elements seamlessly to create a magically cohesive scene.

You may be thinking, "I can't do that," but that could not be further from the truth. Lux started from the same place and is here to share every bit of knowledge acquired along the way. Join this class and gain the confidence to tackle the challenges head-on. Illustrator

Hi, I'm Lux. I'm a freelance illustrator with a passion for creating illustrations with flowy and detailed compositions. Before choosing to become a full-time artist, I studied Chemistry at University for five years. I had a short job experience as a scholarship researcher. But because art has been my main interest since I was a child, I decided to try it and do my best to improve my art skills to make art my main job. I have always drawn multiple subjects and tried different styles, but I got really fascinated by anime-style digital art and decided that I wanted to develop my unique style, learning from both current professional digital artists and past classical art masters.

I do my best every day to keep on improving and be able to materialize my ideas in detailed illustrations with backgrounds that tell the story of the characters I'm drawing. Lately, I have been focusing on creating more original art based on a story I'm developing, and I hope to inspire other artists!

Class Highlights

Importance of References to Level up Your Work

There is the misconception that using references is a cheat code in the artistic journey, but it is far from the truth. In this class, learn how references can change the way you approach fundamentals. By properly leveraging references, explore new compositions and develop a style that you can call your own.

Compositions That Catch the Viewer's Attention

Different values, strong lighting, and contrasting colors are key elements that draw the viewer's attention to the focal point of your illustration while creating an engaging flow and intricate details. In this class, learn how to blend these to complete an immersive artwork from the very first stroke to the last.

Characters and Backgrounds that Complement One Another

Drawing backgrounds can be intimidating, especially when it comes to seamlessly integrating characters into them. With Lux, learn to create immersive backgrounds, ranging from simple settings to complex scenes with dynamic camera angles. By studying perspective and drawing inspiration from references, you will build solid, engaging scenes that enhance your characters and help tell their story.

Class Details

You'll Learn

Reference Observation to Learn and Create New Ideas

References, real-life photos, and artworks are significant to developing artistic skills and an excellent visual library to help artists find new and interesting inspirations. Everyone interprets references differently and this class aims to teach you how to incorporate and leverage references in your workflow to make it your own.

Sketching a Composition that Works

Having a good starting sketch may look simple, but it is a meticulous skill you need to develop and acquire. When mastered correctly, it will support you throughout the entire illustration process, particularly when working on complex artworks full of details.

Understanding Light and Colors

Strong and directional lighting, paired with contrasting and dark colors, conveys a completely different emotion compared to a soft and bright color palette in a sun-kissed scene. Mastering lights, color hues, and values is fundamental, and you will learn the entire process of light and color setup from start to finish.

Perspective and Scenery for Backgrounds

Drawing immersive backgrounds requires knowing the basics of perspective, how to apply it to characters and objects, and how to deform it to make the composition more dynamic and intentional.

Rendering Different Materials and Textures

Textures, photo bashing, and layers of brush strokes can add significant movement and variation to your artwork, helping to distinguish different elements within an illustration. These techniques not only add realism but also create a tactile quality, almost as if you could touch the artwork and feel the paint.

Using Details to Add Flow and Intention

Defined and simple shapes are essential to creating a smooth composition. However, with the help of intricate elements like long hair, flowy clothes, birds flying, and other detailed objects, we can add a sense of intention and a captivating flow to the illustration.

Interview with

Illustrator Lux

Question.01

Is there a specific reason why you chose this specific topic/themes?

I have always loved complex artworks, both from artists from the past and the present. I love to add many elements that tell a story to my art, but the challenge is to keep the balance and not overcrowd the painting. Even when I start with a simple idea, I always feel the need to add more details and colors to the outfits, the background, and the textures or have an interesting angle/perspective to make the composition more interesting but still pleasant to the eye. Still, to avoid confusing the eye, I keep every detail simple, made of basic brush strokes and textures that give the idea of the object I want to represent without actually drawing it. This is an important skill to develop to be more efficient while drawing and not feel overwhelmed.

Question.02

Could you please share how you started your journey in the industry?

I have always been drawing, but I never thought it could be an actual job until I was around 25 years old. Back then, I was focusing on my university studies and I was satisfied with them and really wanted to be a chemist. I was still really enjoying the art of course and wanted to draw a lot, but I was also not really considering the option of art as a career but just as a hobby or side job maybe, due to the social background I was living in: there was the common knowledge that art was a tough career to pursue and live off and only existed for a few selected people, and generally, artists, particularly visual artists, aren't considered having a regular job, unlike musicians, writers, actors, etc. At least, this is what I was noticing back then around me. This changed when I started using social media to share my work. I discovered international artists and a whole new world unfolded before me. Video games and webcomics were a huge market, art livestreams were appreciated, and anime conventions were an excellent opportunity to sell your works, meet more artists, and expand your audience. This is what convinced me to give the full time artist career a try after I worked for a short period of time at my university and when I thought my art skills were at a decent level for my standards back then. And here I am; it is never easy, but I love what I do and am willing to go on this journey.

Question.03

What do you think is the most important trait(s) to success in your industry?

Being unique with your art could be a key point in succeeding. Even if your style and what you like to draw are not the most common and trending ones, as long as you put love and persistent effort into what you do, you will find an audience and people willing to work with you. Trying to follow trends that maybe aren't your cup of tea for the sake of success, in the end, leads to burnout and losing your passion for art, which is the thing that, in my opinion, fuels an artist to pursue this career that is not easy at all, since there is a lot of competition and pressure to be able to have enough work to afford a living. Being a full-time artist can be challenging, but I think it is a good deal if your life goal is to draw what you like every day. This doesn't mean, of course, that you shouldn't also develop some marketing skills and hop on trends from time to time, but the important is to love what you do and be always willing to improve and learn new things.

Legendary Creature — Human Wizard

At the beginning of your end step, if a land entered the battlefield under your control this turn and you control a prime number of lands, create Primo, the Indivisible, a legendary 0/0 green and blue Fractal creature token, then put that many +1/+1 counters on it. *(2, 3, 5, 7, 11, 13, 17, 19, 23, 29, and 31 are prime numbers.)*

Do I really have to explain it? The point is having laws "on the books" isn't enough to stop people from doing illegal things. Measures must be put in place to ensure the laws are enforced.

MARVEL REPORTEDLY SET TO UNITE TOBEY MAGUIRE AND HUGH JACKMAN IN A FUTURE FILM

Liked by memezar and others

pubity There are reports that Tobey Maguire's Spider-Man and Hugh Jackman's Wolverine might team up in the upcoming Avengers: Secret Wars. 🎬🍿

After successful appearances in Spider-Man: No Way Home and Deadpool & Wolverine, fans are excited for their potential collaboration.

Rumors suggest they could lead a multiversal army, though their exact roles remain speculative. However, some believe relying on older characters could undermine the current MCU heroes, raising questions about how Marvel will balance nostalgia with the evolving storylines.

Would you want to see this?! 🤔

He's such an interesting being. He's like a Satan that gives people the power to do evil, but actually judges and even mocks them for doing so.

He's not even evil. You can choose to use those powers for good. That's the worst part: knowing you have only yourself to blame.

The outsider is a dark ancient godlike entity from the dishonored games. He can see everything that has happened and will happen, but some people are important to history and their fate is unknown. out of curiosity, he gives them power with the mark to see what they do with it.

RB: Here's my final question. What is one piece of advice that you would give to anyone listening on how to become a great songwriter and begin writing their own music?

Andreas: Don't be afraid to try stuff out. Sometimes you might feel like, " I could never venture off to write something like this or that guy did." For me, not having the best set of ears I was always struggling with maybe poor confidence in that aspect... " Can I trust my ears", "Do I know what sounds well?" I think for people starting out, regardless of if you are a shredder, you have perfect ears or whatever your fortei is... don't be afraid to stick out your chin so to speak. Get a vision of what you want to do... "This is the feel I want to create"... "I want it to be a song like that one", "I want it to be a feel like this"... work with different instruments and different feels, it doesn't have to be the way it's supposed to be or whatever. Try stuff out, play around. All of a sudden you're stumbling onto something that you think "this is cool, nobody has done that before". And you know, all of a sudden you learn and you'll be able to kind of harness that and shape your own style. So maybe that's good advice. Dare to move things around a bit and try new stuff that nobody taught you. If you think it sounds cool, I'm sure it is.

SALAMANDERS
DEFENDERS OF NOCTURNE
HOLD THE LINE!
WE ARE HIS BULWARK AGAINST THE TERROR!
RECLUSIART
ZUL'RA! LOOK!
THE GATE IS CLOSING!
MORI, ESTABLISH CONTACT WITH THE INNER CITY GATE CONTROL ROOM NOW.
CONNECTING... AWAITING RESPONSE... CONNECTED.
CONTROL ROOM, THIS IS ZUL'RA KONH.
ANCIENT OF THE SALAMANDERS CHAPTER, SECOND COMPANY.
KEEP THE GATE OPEN. MY BATTLE BROTHERS AND I ARE ESCORTING A GROUP OF CIVILIANS TO YOUR POSITION.
HOLD YOUR TONGUE, ASTARTES.
YOU DON'T MAKE THE DECISIONS HERE...
RECLUSIART
... I DO!
WHEN YOU SALAMANDERS FIRST ARRIVED, I THOUGHT YOU HAD COME IN FULL FORCE AND WOULD RID MY PLANET OF THIS TYRANID INFESTATION.
TURNS OUT YOU WERE JUST A MEASLY COMBAT PATROL...
... BARELY ABLE TO HOLD BACK THE XENOS TIDE.
AND TO MAKE MATTERS WORSE, FOR WEEKS, YOU SQUANDER YOUR ENERGY AND RESOURCES ON THE WORTHLESS POPULACE OF THE LOWER STRATA.
PREPOSTEROUS!
SCANS SHOW A MASSIVE TYRANID SWARM DESCENDING UPON OUR LOCATION.
I WILL NOT RISK HAVING MY CITY EXPOSED TO THE TYRANID THREAT. THE GATE WILL CLOSE NO MATTER WHAT.
IF YOU MUST INSIST ON SAVING THOSE USELESS PEASANTS, THEN YOU ARE ON YOUR OWN, FOOLS!
GOVERNOR HENSON OUT.
RECLUSIART
KEEP PUSHING FORWARD!
I CAN'T...
IT'S HOPELESS...
WE'RE NOT GOING TO MAKE IT...
EXCUSE ME.
MUCH OBLIGED.
GORA
RECLUSIART
EMPEROR... GIVE ME STRENGTH.
RECLUSIART
DEFENDERS OF NOCTURNE
BROTHER GORA!
FRET NOT, LITTLE BROTHER...
GORA
I HAVE THE WEIGHT.
RECLUSIART
GO INTO THE CITY NOW, STEPHANIE.
WHAT ABOUT YOU ALL?
THE GAP IS TOO SMALL FOR YOU TO PASS THROUGH.
I WON'T GO IF NONE OF YOU ARE JOINING US!
NO MORE WILDFUL DISOBEDIENCE.
GO NOW BEFORE...
GGRRHA AAARRRR
RECLUSIART
... THE SWARM IS HERE.
RECLUSIART
WAIT FOR ME!
I'LL GET INSIDE AND ASK THE GUARDS TO REOPEN THE GATE, THEN YOU...
YOUR TENACITY IS ADMIRABLE, STEPHANIE...
IT WOULD SERVE US BETTER IF YOU WOULD REDIRECT THIS DEFIANCE TOWARDS THE TYRANIDS INSTEAD.
HERE, OUR MOST SACRED STANDARD. I SWORE AN OATH TO GUARD IT, NEVER TO LOSE IT OR ALLOW IT TO BE SULLIED BY XENOS FILTH.
MY BROTHERS WILL COME IN FULL FORCE WITH THE LIBERATION FLEET IN ABOUT A WEEK'S TIME.
I ASK THAT YOU GUARD IT IN MY STEAD UNTIL THE TIME COMES FOR IT TO RETURN TO SALAMANDER HANDS.
WILL YOU BEAR OUR STANDARD?
WILL YOU HELP ME PRESERVE MY HONOR?
RECLUSIART
SHIELDS ARE UP...
THE CITY SHOULD HOLD UNTIL THE FLEET ARRIVES.
GORA
THEN THE TIME HAS COME FOR US TO MEET OUR FATE.
RECLUSIART
BROTHERS!
HERE IS WHERE WE MAKE OUR LAST STAND.
I CAN THINK OF NO GREATER HONOR THAN TO FIGHT AND DIE BY YOUR SIDE.
NO NEED TO CODDLE US, BROTHER ZUL'RA.
WE CARE NOT FOR HONOR OR GLORY. WE ARE THE EMPEROR'S SPACE MARINES.
WE DO OUR DUTY. NOTHING MORE, NOTHING LESS.
WHEN VULKAN LEARNS OF OUR DEEDS HERE, HE WOULD BE PROUD.
YES...
MY BROTHERS...
YOU DO VULKAN PROUD...
YOU DO OUR FATHER... OUR CHAPTER PROUD!
ONE LAST TIME...
INTO THE FIRE...

Since it's a trigger with a variable, it's my understanding that you actually get 2x triggers
Like if a card says "whenever this deals damage, draw that many cards" and has 2 power
First combat damage trigger, draw 2 cards
second combat damage trigger, draw 2 cards

RUMORS OF A POWERFUL WEAPON ECHO THROUGH THE BAZAAR, DRAWING THE WARRIOR GIRL TO A GROUP OF TRADERS. THEY POINT HER TOWARD THE RUINS OUTSIDE THE CITY, WHERE ANCIENT RELICS LIE BURIED BENEATH THE SANDS. THEY WARN HER, HOWEVER, THAT THE WEAPON IS SAID TO CARRY A DEADLY CURSE FOR THOSE WHO DARE TO CLAIM IT.

INSIDE THE ANCIENT, CHURCH-LIKE SANCTUARY, THE HEALER HOLDS A STRING OF ROSARY BEADS, MURMURING A PROTECTIVE FORMULA THAT ECHOES THROUGH THE STONE HALL. WITH EACH WORD, THE WARRIOR GIRL FEELS THE WEIGHT OF THE BLESSING SETTLE OVER HER, PREPARING HER FOR THE JOURNEY. WITH THE RITUAL COMPLETE, SHE STEPS INTO THE FADING DAYLIGHT, RESOLUTE AND READY TO FACE THE DESERT'S DANGERS.

THE CASE OF THE UNDY PANT BANDIT PART 2

FOR MONTHS NOW I HAVE BEEN CHASING HER DOWN.
THE CITY KNOWS HER AS THE UNDY PANT BANDIT!
I KNOW HER AS THE MOST MISCHIEVOUS THIEF EVER!
SHE TIES UP SENSITIVE GUYS AND TICKLES THEM SILLY!
THEY TELL HER THEIR SECRETS AS SHE STEALS THEIR UNDIES!
I'VE BEEN AFTER HER FOR MONTHS - TO NO AVAIL!
SHE KEEPS CATCHING ME AND TICKLING ME CRAZY!!!
STOP! IN THE NAME OF THE LAW!
BUT... THIS IS TOO MUCH FUN!
JUST LAST MONTH SHE TRICKED ME ON THE DOCKS...
AREN'T YOU WONDERING WHY I HAVEN'T STOLEN YOUR UNDIES YET, DETECTIVE POE?
WELL, YOU SEE I'VE BEEN LOOKING FOR THE LEGENDARY LAVALLIERE CALLED LA COLLANA DI EIACULAZIONE... AND YOU'RE GONNA HELP ME FIND IT!
NO?? THEN IT'S TICKLE TIME UNTIL YOU SUBMIT!

BUT I KNOW THAT THESE TICKLES MAKE YOU SO HORNY!
SO, MAYBE I'LL JUST KEEP CATCHING YOU AND TYING YOU UP...
AND TICKLE TORTURING YOUR PERFECTLY FIT BODY UNTIL YOU GIVE UP
AND ADMIT THAT I GET YOU SOOO HOT!!

激戦の末、自軍の敗北を悟り
民間人の助命と引き換えに投降した女将軍

豊満な身体に目を付けた敵軍は捕虜となった彼女を
ありとあらゆる手段で辱めるのだった

一度も男のソレを許したことがない鉄壁の秘裂
瑞々しく甘い香りすら漂う彼女のヴァギナは

1ヶ月の過激な調教の末に赤黒く腫れ上がり、
だらしなく半開きのまま物欲しそうに汁を垂れ流す

膣内も男根に媚びるように肉厚に変わり果て
挿入するだけで嬉しそうに痙攣する淫猥な穴になってしまった

Angewomon is an Archangel Digimon. It has the appearance of a beautiful woman. Although it was previously classified as an Angel-type, it was confirmed as an Archangel-type because of the greatness of its abilities. As their trait, Champion angels have six wings, and Ultimate angels have eight wings. Although its personality is extremely gentle, it cannot forgive those who are crooked or evil, and it won't stay its hand from attacking until the opponent converts. Because of its soul and power, it is said to be a being like a goddess of the Digital World

BeelStarmon is a Wizard Digimon. It splendidly manipulates twin pistols, and is also called the "Beelzemon Lady" due to its appearance. Its cherished twin pistols, the "Rizoma de Loto", are like little sisters to the "Berenjena" possessed by Beelzemon. It opens up to everybody without hesitation, and in particular, it is close friends with many gun-wielding Digimon. However, it is at loggerheads with the solitary Beelzemon, so although it . It is dressed in a jet-black leather suit, and it wears a muffler that is able to transform according to use such as for offense and defense or wings.
